City of Dover

Position Description

Title: 911 Supervisor

FLSA: Exempt

GENERAL DESCRIPTION:

The essential function of the position within the organization is to supervise Communications Operators. The position is responsible for communication, staff training, operational behaviors, technical skill, and administrative compliance. This includes all aspects of radio, telephone, and data transmissions, compliance with State mandates, records and logs, and preparing illustrative reports of same.

The position is responsible for defining goals, counseling or coaching employees, reporting up the chain of command and providing answers to job-related questions. There is responsibility required for the job-related actions of others, requiring almost constant decisions affecting co-workers, crime victims, patients, customers, clients or others in the general public. The position requires work in a moderately fluid environment, with guidelines and rules, but frequent variations from the routine.

The acronym **PODSCORB** can be used to illustrate the overarching responsibilities for this mission critical position:

Planning refers to *Defining* things that need to be done and forecasting needs.

Organizing means *Providing* clear lines of authority and responsibility.

Directing relates to *Making* decisions and giving directions.

Staffing requires *Recruiting*, training, assigning, and retention.

Coordinating refers to *Ensuring* unity of action between shifts.

Reporting means *Keeping* administration informed, and

Budgeting is about *Fiscal* planning.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

- Supervises staff, including selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.
- Performs quality control and monitoring of emergency and non-emergency telephone calls and dispatches to ensure compliance with departmental policy and procedures, and federal, state, and local mandates.
- Performs the duties of a Communications Operator as required.
- Ensures ongoing staff database certifications and reviews NCIC and DELJIS transactions; manages warrants such as nolle prosequere or expired.
- Serves as TAC coordinator for DELJIS and engages all system audits.
- Sets up and maintains record system; processes daily paperwork including reports, memos, requisitions, and personnel information.

- Ensures optimal functioning of equipment for area of responsibility; schedules periodic maintenance checks.
- Performs administrative tasks such as submitting goals and budget, maintaining and updating training manual, ensuring currency of staff's additional certifications, or preparing tapes for court subpoenas.
- Gathers and maintains information/data to support periodic and special reports documenting activities for area of responsibility.
- Attends or conducts staff meetings to exchange information.
- Attends in-service training and technical or professional classes, seminars, or conferences to improve technical or professional skills.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Gathering, organizing, analyzing, examining, or evaluating data or information and may prescribe action based on such data or information.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Supervising or leading others by determining work procedures, assigning duties, maintaining harmonious relations, and promoting efficiency.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handling or using machines, tools, or equipment requiring little or no prior experience such as copiers, calculators or similar small items.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for preventing considerable losses through the management of a minor department.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the first-line supervision of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Using basic algebra involving variables and formulas and/or basic geometry involving plane and solid figures, circumferences, areas, and volumes and/or computing discounts and interest rates.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reading technical instructions, procedure manuals, and charts to solve practical problems, such as routine office equipment operating instructions, and methods and procedures for investigations, and in drawing and layout work; composing routine reports and specialized reports, forms, and business letters, with proper format; speaking compound sentences using normal grammar and word form.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Perform skilled work involving rules/systems with almost constant problem solving; requires normal attention with short periods of concentration for accurate results and occasional exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Impact of decisions is very serious – affects entire department and the general public or loss of life and/or damage could occur.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

- Requires High School diploma or GED and other formal training. Formal training or education includes courses or other education that is equivalent to satisfactory completion of one year of college education plus considerable specialized advanced training in 911 communications.
- Public Safety-oriented Management, Supervision or Leadership training or education is preferred.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires DELJIS certification.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires a minimum of three years of service in a 911 system.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Sedentary work that involves sitting most of the time but may involve walking or standing for brief periods of time; requires little or no dexterity.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

This position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and color perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

CITY OF DOVER

POSITION DESCRIPTION

TITLE: ACCOUNTANT II

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to perform accounting functions in accordance with generally accepted accounting principles for the City of Dover. The position assists in conducting internal control testing to ensure existing processes and procedures are efficient and effective in safeguarding the City of Dover's assets and lead to the production of accurate financial information. The position will produce timely performance measurement trends to analyze program goals.

Performs professional accounting work; examines, analyzes, and verifies fiscal records and reports; assists in the preparation of financial reports and provides advice and information on accounting practices and procedures; may provide work direction to other employees; performs related and other work as required all within the context of the City's Mission, Vision.

Knowledge of accepted principles and interrelationships of accounting, auditing, and fiscal management; of accounting systems and data processing interrelationships; of modern office methods, procedures, and equipment; and of spreadsheet software. Ability to effectively apply accounting and auditing techniques and procedures in the work performed; to prepare clear, complete, concise reports; to communicate effectively orally and in writing; and to establish and maintain cooperative relationships with those contacted in the course of work. Works under general supervision independently developing work methods and sequences.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

This level is responsible for performing a full range of essential accounting functions:

Performs professional accounting work in accordance with a prescribed accounting system and generally accepted principles of accounting.

Conduct special internal control studies and develop or recommend minor changes in methods and procedures. As part of the internal control study, conduct regular reviews to ensure the correct charging and accounting of disbursements and credits.

Conduct comprehensive analysis of accounting processes/activities to ensure departmental compliance with City policies. Participate in the formulation of recommendations of new and revised policies and procedures.

Monitor expenditures to ensure compliance with budgetary recommendations as part of the internal control function.

Review financial transactions and codes for conformance to standard procedures and accounts.

Participate in ensuring fiscal conformance of grant budgets, purchases, draw down of funds and grant reporting to federal & state program rules and regulations.

Conduct audits of various petty cash funds, and the evaluation of cash handling procedures to ensure compliance with accepted accounting practices.

Participate in conducting training sessions for the City of Dover staff members on financial processes, and other related fiscal and accounting procedures.

Accountant II

Participate in the preparation of performance measurement analyses to track program trends to ensure programs are meeting their mission.

Participate in the research to determine proper benchmarks to be tracked and analyzed in conjunction with the Performance Measurement Analyses.

Analyze & reconcile general ledger accounts as assigned, journals, and/or financial statements.

Assist in the preparation, analysis, and review of reimbursements, expenditures, fund condition, or other proprietary and budgetary accounts.

Provide assistance with the various payroll and accounts payable activities normally performed by other accounting personnel.

Assist in the preparation of the annual report and year end audit as requested.

May provide work direction to other staff members.

Promote the City's Mission to make Dover a city of the highest quality by providing responsive, cost-effective, and innovative government services; understands and subscribes to the Vision and Mission Statement adopted by the City.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Coordinates or determines time, place, or sequence of operations or activities based on analysis of data and possibly executes determinations or reports on events.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Persuades or influences others in favor of a service, course of action, or point of view.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Coordinates the handling of machines, tools, equipment, or work aids involving extensive latitude for judgment regarding attainment of standard or in selecting appropriate items.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving considerable economies and/or preventing considerable losses through the management of a large division or minor department, and/or handling of very large amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires no responsibility for the safety and health of others.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Accountant II

Uses advanced algebra working with exponents and logarithms or linear quadratic equations; analytical geometry; and or statistics; applying mathematical operations to frequency distribution, reliability and validity, analysis of variance and correlation techniques.

COMMUNICATION REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads journals and manuals; composes specialized reports and business letters using proper format and grammar; speaks to groups of coworkers and people outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with moderately serious impact – affects work unit and may affect other units or citizens.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires Associate's degree in Accounting or related field or experience requirements as below.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires none.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Four years of experience in –

- Accounting which includes recording, verifying and reporting financial information using Generally Accepted Accounting Principles (GAAP)
- Financial Analysis which includes compiling, analyzing and interpreting financial data to ensure effective and efficient accounting of funds or to make projections for financial planning.
- Interpreting laws, rules, regulations, standards, policies, and procedures.
- Using an automated information system to enter, update, modify, delete, retrieve/inquire and report on data.
- Knowledge of creating financial reports which includes combining and presenting financial data from multiple sources in an organized format.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking some of the time; exerting up to 20 pounds of force on a regular basis; requires moderate dexterity in operating machinery, tools, or office equipment.

Accountant II

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

Works in environmentally controlled area such as an office.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, and speaking.

Updated 2-23-09

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: CIVIL ENGINEER

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to perform engineering work in the design and construction of public works and utilities projects. The position is responsible for assigned projects, policy, ordinance and regulation compliance, and reporting activities and events to senior management. The position works independently, reporting major activities through periodic meetings.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Leads and participates in engineering activities involving studies, investigations, and surveys related to public works construction, improvements, and maintenance.

Provides technical and engineering support services relative to assigned area of responsibility, such as preparing drawings of engineering projects or making changes in existing drawings.

Assists with monitoring and inspecting of public works contractors to ensure adherence to specifications, plans, and accepted engineering practices.

Assists with monitoring and inspecting of private developers in such installation as roads, curbs, sidewalks, drainage, water mains, or sewer lines.

Maintains records of field surveys, drawings, and prints; prepares routine and special reports for the area of responsibility.

Collects and inputs data for engineering computer modes; reviews technical specifications; reviews and provides guidance for large-scale engineering studies.

Answers questions and provides information to the public and City staff; investigates complaints for the area of responsibility and recommends corrective action as necessary to resolve complaints.

Attends staff and other professional meetings to exchange information; attends technical or professional classes, seminars, or conferences to improve technical or professional skills.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Coordinates or determines time, place, or sequence of operations or activities based on analysis of data and possibly executes determinations or reports on events.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Supervises or directs others by determining or interpreting work procedures, assigning specific duties, maintaining harmonious relations, and promoting efficiency.

CIVIL ENGINEER I (EIT)

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Leads or handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers and complex drafting or GIS software, software used for programming custom applications, or the application of other complex software or systems.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility for achieving major economies or preventing major losses through the management of large-scale construction projects.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the first-line supervision of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses advanced algebra working with exponents and logarithms or linear quadratic equations; analytic geometry; and/or statistics, applying mathematical operations to frequency distribution, reliability and validity, analysis of variance, or correlation techniques.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads professional publications; composes complex reports and manuals; speaks formally to groups outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs supervisory work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with very serious impact—affects entire organization and the general public; probability of loss of life and/or damage is very likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in civil engineering, architecture, or a closely related field.

CIVIL ENGINEER I (EIT)

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License and Engineer-in-training/Engineering Intern Certificate.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires six to twelve months of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking some of the time, exerting up to 20 pounds of force on a regular basis, and moderate dexterity in operating machinery, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, intense noise levels, fumes or noxious odors, moving mechanical parts, heights, and traffic.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, color perception, depth perception, and texture perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: CIVIL ENGINEER II

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to perform engineering work in the design and construction of utilities projects. The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: ELECTRICAL ENGINEER I

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to perform electrical engineering and technical work. The position is responsible for planning and designing electrical projects; investigating and developing corrective action to electrical disturbances; developing, monitoring and ensuring compliance with Reliability First/FERC reliability requirements; leads staff on specific projects and periodically reporting activities and events to supervisors. The position works under minimal supervision, independently developing work methods and sequences and reporting major activities through periodic meetings. Responsible for actions of others requiring development of procedures and constant decisions affecting other workers, customers, or others in the general public; work in a very fluid environment with guidelines but significant variation.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Prepares drawings, diagrams, tracings, and schematics for the electric transmission, substation, and distribution system. Provides technical and engineering support services for transmission and distribution line designs and substation designs and modifications.

Prepares drawings of electrical work to be performed, or of changes to be made in existing electrical system, including protection and control/monitoring for substations, as well as all components of the transmission, or distribution system.

Will serve as lead and will guide staff on projects as determined by management.

Sets up, maintains, and responsible for the records related to field surveys, drawings, and prints.

The Federal Energy Regulatory Commission (FERC) created a reporting requirement to ensure the reliability of the bulk electric system, this position assists in monitoring and complying with the requirements of this program through whatever channels FERC mandates.

Provides technical expertise in the development of standards for the electric network, such as circuit breakers, PT/CT's, electrical transmission/distribution equipment, and similar components/materials, Calculates proper conductor type and size, transformer size, and proper application of equipment; specifies relay settings, fuse sizes, and reclosers for proper coordination.

Investigates problems relating to electrical, communication and control equipment and recommends solutions.

Gathers and maintains data/information for the area of responsibility and proactively initiates and completes the development of routine and/or special studies resulting in comprehensive reports or action plans.

Answers questions and provides information to the public and City staff; investigates customer concerns and initiates/recommends corrective actions as necessary.

Attends or conducts staff meetings; attends in-service training and technical or professional classes, seminars, or conferences to improve technical or professional skills.

ELECTRICAL ENGINEER I

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Coordinates or determines time, place, or sequence of operations or activities based on analysis of data or information and may implement and report on operations and activities.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Leads others by determining work procedures, assigning duties, maintaining harmonious relations and promoting efficiency.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Leads or handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as electrical or construction equipment.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Responsible for achieving major economies or preventing major losses.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for safety or health of others and/or for continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses advanced calculus working with limits, continuity, real number systems, or mean value theorems; modern algebra, including advanced operational methods; or statistical inference and econometrics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads professional literature and technical manuals; composes complex reports and manuals; speaks formally to groups outside the organization as well as employees.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with very serious impact - affects entire organization and the general public; probability of loss of life and/or damage is very likely.

ELECTRICAL ENGINEER I

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in closely related field. Bachelor's degree in electrical engineering preferred.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires Driver's License and Fundamental of Engineering certification within two (2) years of employment.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

None

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking some of the time, exerting up to 20 pounds of force on a regular basis, and moderate dexterity in operating machinery, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, electrical shock, and traffic.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and color perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: FIELD SERVICE REPRESENTATIVE III

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to supervise operations of the Metering Section of Administrative Services. The position is responsible for supervising assigned personnel, scheduling, training, billing, data entry, customer service, and reporting. The position works under general supervision independently developing work methods and sequences.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff, including selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Organizes and schedules activities for area of responsibility, including meter reading routes, work orders, and electricity and water connects/disconnects.

Provides support for billing process by ensuring all scheduled meters are read, reviewing and making corrections on readings, and reviewing irregularities relating to meters.

Performs data entry to create work orders, add/change customer information, initiate/finalize accounts, or check meter readings.

Provides customer service by performing audits, resolving billing problems/complaints, responding to customer inquiries, combining locations, and making meter reading adjustments.

Reviews reports such as monthly scheduling, multipliers, open work orders, monthly budget, rate classes, rate changes, or zero consumption.

Drives to work sites to monitor staff and ensure compliance with departmental policy and procedures. When individual is on-call, they are permitted to use a general-purpose vehicle for commuting purposes.

Gathers and maintains information/data to support periodic and special reports documenting activities for area of responsibility.

Attends or conducts staff and other professional meetings to exchange information; attends technical or professional classes or seminars to improve technical or professional skills.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Copies, transcribes, enters, or posts data or information.

FIELD SERVICE REPRESENTATIVE III

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Provides assistance to people to achieve task completion; instructs and assigns duties to other departmental personnel.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers, software programs such as word processing, or City vehicles.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving moderate economies and/or preventing moderate losses through the management or handling of equipment and supplies of high value or moderate amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires responsibility for the safety and health of others and for occasional enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses addition, subtraction, multiplication, and division; may compute ratios, rates, and percents.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads routine sentences or instructions; writes routine sentences and completes routine work forms; speaks routine sentences using standard grammar.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs semi-routine work involving set procedures and rules, but with frequent problems; requires normal attention with short periods of concentration for accurate results or occasional exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with moderately serious impact - affects work unit and may affect other units or citizens.

FIELD SERVICE REPRESENTATIVE III

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires high school degree or GED, and the equivalent of one year of college or specialized vocational training in business management or a closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires two years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking some of the time, exerting up to 10 pounds of force on a regular basis, and some dexterity in operating machines or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat/cold, wet or humid conditions, bright/dim lights, dust or pollen, and traffic.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: GIS TECHNICIAN

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position is to provide technical support in the development, implementation, operation and maintenance of the City's Geographic Information Systems (GIS) programs; apply knowledge of GIS to a variety of projects which include creation, maintenance, and Quality Assurance/Quality Control (QA/QC) of geographic datasets; implement database attribution and digitization; and assist in the preparation of final map products for the City. Duties include reading and interpreting source documents, and entering required data into the GIS. The position works with managers, engineers, planners, and field staff to verify the accuracy of source documents and create and maintain the GIS database. The position works under the general supervision of senior staff, independently developing work methods and sequences.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Performs technical duties in the development, implementation, operation and maintenance of the City's GIS; compiles, stores, inventories, and analyzes data.

Creates maps; updates and maintains city data layers according to City policies and procedures along with data collection and field verification.

Prepares exhibits and assists those responsible for presentations to Commissions and to Council; prepares technical reports and materials for use in presentations.

Interprets engineering plans, plat maps, and legal descriptions for GIS database development efforts.

Conducts global positioning system (GPS) data collection for GIS database development efforts.

Creates and maintains GIS database metadata to support enterprise GIS efforts for the City.

Edits, creates, and maintains graphic and tabular geographic information datasets.

Assists in the maintenance and organization of the GIS data layers.

Ensures the integrity, quality and accuracy of a variety of GIS information and data.

Operates a variety of GIS input and output devices including scanners, printers, plotters, and GPS units.

Stays abreast of new and emerging trends and changing technologies in the field of GIS; reads pertinent industry publications; attends meetings and training as required.

Performs related duties and responsibilities as required.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Collects, classifies and formats data or information.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Provides assistance to people to achieve task completion; may instruct or assign duties to coworkers.

GIS TECHNICIAN

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires some responsibility for achieving minor economies and/or preventing minor losses through the handling of or accounting for materials, supplies or small amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires some responsibility for the safety and health of others and/or for occasional enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, plane and solid, rectangular coordinates, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads technical instructions, charts, and/or procedures manuals; composes routine reports and completes job forms; speaks compound sentences using standard grammar.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs skilled work involving rules/systems with almost constant problem solving; requires normal attention with short periods of concentration for accurate results and occasional exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with moderately serious impact - affects work unit and may affect other units or citizens.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires associate's degree or equivalent course work at a technical or vocational school, in GIS, or a closely related field with emphasis in GIS, or equivalent combination of training, education and experience.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid State of Delaware Driver's License.

GIS TECHNICIAN

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires one year of geographic information system technical support experience; experience with local government is desirable.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking some of the time (exerting up to 20 pounds of force on a regular basis); requires moderate dexterity in operating machinery, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and color perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: LAN ANALYST

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to support the City's computer network. The position is responsible for PC hardware and software, networking hardware, servers, related equipment of responsibility, and user support. The position is responsible for actions of others, requiring development of procedures and constant decisions affecting subordinate workers, crime victims, patients, customers, clients, or other in the general public; work in a very fluid environment with guidelines but significant variation.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Sets up and configures PC's and software; troubleshoots and performs repairs on hardware and software as required; plans for system improvements.

Configures, programs, and maintains computer network equipment including but not limited to, switches, routers, firewalls, PC's, servers, telephone voice-mail system, printers, and wireless networks. Configures and maintains network infrastructure including but not limited to repairing network cables.

Develops data backup and recovery plan and restores damaged or deleted data as needed; performs daily backup of data of responsibility and administers virus protection software to prevent loss of data.

Plans, installs, and trains users on PC software and hardware upgrades; performs scheduling tasks/calendar.

Checks status of network and backup; evaluates network performance; performs network/domain maintenance such as moves, add-ons, changes, or permissions; maintains reliable backup data. Establishes and maintains network security both internal and external.

Creates database queries to retrieve and present data in organized and meaningful reports to meet criteria provided by City personnel.

Researches, recommends, and bids computer related equipment and software; recommends policy changes regarding computer usage and procedures.

Provides training and support to computer users; develops procedural manuals as directed.

Documents network changes/maintenance; gathers and maintains information/data to support periodic and special reports documenting activities for area of responsibility.

Attends staff and other professional meetings to exchange information; attends in-service training and technical or professional classes, seminars, or conferences to improve technical or professional skills.

Must be able to obtain security clearance for entrance into the Dover Police Department.

LAN ANALYST

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Coordinating or determining time, place, or sequence of operations or activities based on analysis of data or information and may implement and report on operations and activities.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Giving information, guidance, or assistance to people which directly facilitates task accomplishment; may give instructions or assignments to helpers or assistants.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handling or using machines, tools, or equipment requiring moderate instruction and experience such as large shop equipment and machines, firefighting apparatus, protective equipment, gang mowers, tractors, vehicles, police vehicles or light trucks firearms, computers, peripherals, medical or dental equipment, software programs such as word processing, spreadsheets, or custom applications, switchboard or may repair power tools and light equipment and office machines.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Responsible for achieving major economies or preventing major losses through the management of a large department, or through interpreting policy as legal counsel.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires no responsibility and provides minimum opportunity for exercise of care of effect safety of others in performing duties of the position.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Using mathematics involving the practical application of fractions, percentages, ratios and proportions; or measurements, logarithmic, or geometric statistics; deductive geometry, plane and solid, and rectangular coordinates; mathematical classifications or schemes.
