COUNCIL COMMITTEE OF THE WHOLE AGENDA

JUNE 27, 2017 - 6:00 P.M.

CITY HALL COUNCIL CHAMBERS - 15 LOOCKERMAN PLAZA
DOVER, DELAWARE

PUBLIC COMMENTS ARE WELCOMED ON ANY ITEM AND WILL BE PERMITTED AT APPROPRIATE TIMES. WHEN POSSIBLE, PLEASE NOTIFY THE CITY CLERK (736-7008 OR E-MAIL AT CITYCLERK@DOVER.DE.US) SHOULD YOU WISH TO BE RECOGNIZED.

SAFETY ADVISORY AND TRANSPORTATION COMMITTEE

AGENDA ADDITIONS/DELETIONS

1. **ALTERNATIVE TO SPEED BUMPS - ANN AVENUE (SUDLER)**

2. **NOISE COMPLAINTS - MUFFLERS AND CAR RADIOS (LEWIS AND GARFINKEL)**

3. **ADJOURNMENT OF SAFETY ADVISORY AND TRANSPORTATION COMMITTEE MEETING**

LEGISLATIVE, FINANCE, AND ADMINISTRATION COMMITTEE

AGENDA ADDITIONS/DELETIONS

1. **CLARIFICATION - REQUEST FOR INCENTIVES - NAIL SPA BY TR** (DURING THEIR REGULAR MEETING OF APRIL 10, 2017, CITY COUNCIL APPROVED THE COMMITTEE'S RECOMMENDATION THAT STAFF COME BACK WITH A RECOMMENDATION WITH REGARD TO BUILDINGS WITH LESS THAN 5,000 SQUARE FEET, WHAT THE IMPACT WOULD BE, AND WHETHER OR NOT THE TIME COULD BE INCREASED FOR A SMALLER BUILDING TO HAVE THE ABATEMENT)(DEFERRED DURING THE MEETING OF JUNE 13, 2017)

2. **ORGANIZATIONAL RECOMMENDATIONS - DAVID S. HUGG III, ACTING DIRECTOR OF PLANNING AND COMMUNITY DEVELOPMENT**

3. **PROPOSED ORDINANCE #2017-09 AMENDING CHAPTER 2 - ADMINISTRATION, ARTICLE IV - OFFICERS AND EMPLOYEES, DIVISION 1 - GENERALLY, SECTION 2-201 - COMPENSATION AND EXPENSES FOR MAYOR, COUNCIL, EMPLOYEES AND OTHER ELECTED OR APPOINTED OFFICIALS**

4. **ADJOURNMENT OF LEGISLATIVE, FINANCE, AND ADMINISTRATION COMMITTEE MEETING**

ADJOURNMENT OF COUNCIL COMMITTEE OF THE WHOLE MEETING

/TM
S:\AGENDAS-MINUTES-PACKETS-PRESENTATIONS-ATT&EXH\COMMITTEE-AGENDAS\2017\06-27-2017 CCW AGENDA.WPD

THE AGENDA ITEMS AS LISTED MAY NOT BE CONSIDERED IN SEQUENCE. PURSUANT TO 29 DEL. C. §10004(E)(2), THIS AGENDA IS SUBJECT TO CHANGE TO INCLUDE THE ADDITION OR THE DELETION OF ITEMS, INCLUDING EXECUTIVE SESSIONS, WHICH ARISE AT THE TIME OF THE MEETING.

Sec. 98-10. - Speed reduction devices.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Speed bump shall mean a transverse hump, generally designed as a rounded, raised pavement structure usually from two to six inches high and one to three feet from front to back, set into the surface of a street, parking lot, or driveway to slow the traffic. Their design generally dictates comfortable crossing speeds of five miles per hour or less so they are usually appropriate only for use where vehicle speeds are typically the lowest to begin with such as parking lots, private roads, and on some residential streets.

Speed cushion shall mean a speed hump with an unraised path for fire trucks and ambulances through the hump. Speed cushions are devices designed as several small speed humps installed across the width of the road with spaces between them. They are generally installed in a series across a roadway resembling a split speed hump.

Speed hump shall mean a raised area in the pavement surface, usually from three to four inches high and 10 to 12 feet from front to back, extending transversely across the travel way. The purpose of the length of a speed hump is to allow the entire vehicle to be on the hump at once before it descends the far side onto the pavement to reduce the likelihood that a vehicle will "bottom out" when going over the speed hump. Speed humps are typically applied to residential streets where speed limits do not exceed 25 miles per hour.

(b) *Prohibited.* Any device used as a means of speed reduction on any city street, drive, parking lot, or any other driveable surface, which causes a change in elevation which may result in emergency equipment having to reduce speed during a time of emergency, is prohibited.

(c) *Permitted.* Speed cushions may be installed on privately owned commercial property, at the owner's expense, following review by the Safety Advisory and Transportation Committee and approval by city council. Any other type of speed reduction device on private commercial property within the city is prohibited.

(d) *Installation and design standards.* Installation and design standards for speed cushions shall be in accordance with the Delaware Traffic Calming Design Manual.

(Code 1981, § 7-4; Ord. of 5-26-1998; Ord. No. 2016-09, 6-13-2016)

Summons issued for loud noise from vehicle	
June 15, 2016 through June 14, 2017	
Violation Description	***Violation Count***
Loud Noise from Vehicle	30

Sec. 42-2. - Noise.

(a) *Generally.* It shall be unlawful for any person to make or continue, or cause to be made or continued, any excessive, unreasonable or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of others, or creates the risk thereof, within the limits of the city.

(b) *Prohibited acts.* The following acts, among others, are declared to be loud, disturbing and unreasonable noises in violation of this section, but said enumeration shall not be deemed to be exclusive:

(1) *Horns, signaling devices, etc.* The sounding of any horn or signaling device on any automobile, motorcycle, street car or other vehicle on any street or public place of the city, except as a danger warning; the creation by means of any such signaling device of any unreasonably loud or harsh sound; the sounding of any such device for an unreasonable period of time; the use of any signaling device, except one operated by hand or electricity; the use of any horn, whistle or other device operated by engine exhaust; and the use of any such signaling device when traffic is for any reason held up.

(2) *Radios, phonographs, etc.* The playing, using or operating of, or permitting to be played, used or operated, any radio receiving set, musical instrument, phonograph, or other machine or device for the producing or reproducing of sound in such a manner as to disturb the peace, quiet and comfort of the neighboring inhabitants or at any time with louder volume than is necessary for convenient hearing for the person or persons who are in the room, vehicle or chamber in which such machine or device is operated and who are voluntary listeners thereto. The operation of any such set, instrument, phonograph, machine or device in such a manner as to be plainly audible at a distance of 50 feet from the building, structure or vehicle in which it is located shall be prima facie evidence of a violation of this subsection.

(3) *Loudspeakers, amplifiers for advertising.* The playing, using or operating of, or permitting to be played, used, or operated, any radio receiving set, musical instrument, phonograph, loudspeaker, sound amplifier, or other machine or device for the producing or reproducing of sound which is cast upon the public streets for the purpose of commercial advertising or attracting the attention of the public to any building or structure unless authorized by a permit.

(4) *Yelling, shouting, etc.* Yelling, shouting, hooting, whistling, or singing on the public streets, particularly between the hours of 11:00 p.m. and 7:00 a.m., or at any time or place so as to annoy or disturb the quiet, comfort, or repose of persons in any office, or in any dwelling, hotel or other type of residence, or of any person in the vicinity.

(5) *Animals or fowl.* The keeping of any animal or bird which, by causing frequent or long continued noise, shall disturb the comfort or repose of any person in the vicinity.

(6) *Whistles.* The blowing of any locomotive whistle or steam whistle attached to any stationary boiler, except to give notice of time to begin or stop work or as a warning of fire or danger, or upon request of proper city authorities or in compliance with state law.

(7) *Exhausts.* The discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine, motorboat, or motor vehicle, except through a muffler or other device which will effectively prevent loud or explosive noises therefrom.

(8) *Defect in vehicle or load.* The use of any automobile, motorcycle, or vehicle so out of repair, so loaded or in such a manner as to create loud and unreasonable grating, grinding, rattling or other noise.

(9) *Loading, unloading, opening boxes, etc.* The creation of a loud and excessive noise in connection with loading or unloading any vehicle or the opening and destruction of bales, boxes, crates and containers.

(10) *Construction, repair, etc., of buildings.* The erection (including excavation), demolition, alteration or repair of any building, other than between the hours of 7:00 a.m. and 6:00 p.m. on weekdays

and 10:00 a.m. and 6:00 p.m. weekends, except in case of urgent necessity in the interest of public health and safety, and then only with a permit from the building inspector, which permit may be granted for a period not to exceed three days or less while the emergency continues and which permit may be renewed for periods of three days or less while the emergency continues. If the building inspector should determine that the public health and safety will not be impaired by the erection, demolition, alteration, or repair of any building or the excavation of streets and highways within the hours of 6:00 p.m. and 7:00 a.m. weekdays and 6:00 p.m. and 10:00 a.m. weekends, and if he shall further determine that loss or inconvenience would result to any part in interest, he may grant permission for such work to be done within the hours of 6:00 p.m. and 7:00 a.m. weekdays and 6:00 p.m. and 10:00 a.m. weekends, upon application being made at the time the permit for the work is awarded or during the progress of the work.

(11) *Schools, courts, churches, hospitals.* The creation of any excessive noise on any street adjacent to any school, institution of learning, church or court while the same are in use, or adjacent to any hospital, which unreasonably interferes with the workings of such institution, or which disturbs or unduly annoys patients in the hospital, provided conspicuous signs are displayed in such street indicating that the same is a school, hospital or court street.

(12) *Hawkers, peddlers, etc.* The shouting and crying of peddlers, hawkers and vendors which disturbs the peace and quiet of the neighborhood.

(13) *Drums.* The use of any drum or other instrument or device for the purpose of attracting attention, by the creation of noise, to any public concert, parade, performance, show or sale, unless authorized by a permit.

(14) *Transportation of metal rails, pillars and columns, iron, steel or other material.* The transportation of rails, pillars or columns, or iron, steel or other material, over and along streets and other public places, upon carts, trays, cars, trucks, or in any other manner so loaded as to cause loud noises or so as to disturb the peace and quiet of such streets or other public places.

(15) *Pile drivers, hammers, etc.* Except under emergency situations, the operation, between the hours of 10:00 p.m. and 7:00 a.m., of any pile driver, steam shovel, pneumatic hammer, derrick, steam or electric hoist, or other appliance, the use of which is attended by loud or unusual noise.

(16) *Devices requiring muffler.* The operation of any noise-creating blower or power fan, or any internal combustion engine, the operation of which causes noise due to the explosion of operating gases or fluids, unless the noise from such blower or fan is muffled and such engine is equipped with a muffler device sufficient to deaden such noise.

(17) *Engine compression brakes.* No person shall operate an engine compression brake within the city limits, with the exception of emergency vehicles where the use of said compression brake is necessary for the protection of persons or property. An engine compression brake refers to any motor vehicle brake that is operated by the compression of the engine of the motor vehicle or any unit or part thereof.

(c) *Notice.* Owners, landlords, lessees, or renters of public or private premises where there is a failure to maintain compliance with this section shall be notified of violations and complaints and shall take appropriate and recommended actions necessary to assist in bringing the premises in compliance with this section.

(d) *Violations; penalties.* The violation of any provision of this section shall be punishable by a fine as provided for in Appendix F—Fees and Fines. Fines not paid within 14 days of the day the fine was issued, including the day the fine was issued, shall be automatically doubled in amount.

(Code 1968, § 20-12; Ord. No. 3-77, § 2, 9-26-1977; Code 1981, § 14-8; Ord. of 9-13-1993; Ord. of 2-26-1996; Ord. of 10-25-1999; Ord. of 11-26-2001; Ord. of 9-22-2003; Ord. of 7-12-2004(1); Ord. of 7-26-2004; Ord. No. 2009-09, 6-22-2009)

COUNCIL MINUTES HISTORY

OVERVIEW OF THE REQUEST FOR INCENTIVES - NAIL SPA BY TR

EXCERPT OF MARCH 13, 2017 CITY COUNCIL MEETING MINUTES

The Regular Council Meeting was held on March 13, 2017 at 7:30 p.m. with Council President Slavin presiding. Council members present were Mr. Anderson, Mr. Sudler, Mr. Neil, Mr. Lewis, Mr. Cole, Mr. Hosfelt, Mr. Hare, and Mr. Hutchison.

ECONOMIC DEVELOPMENT COMMITTEE REPORT - FEBRUARY 8, 2017

The Economic Development Committee met on February 8, 2017 at 2:01 p.m. with Mayor Christiansen presiding. Members present were Councilman Cole; Mr. Koenig, City Manager; Mrs. Ann Marie Townshend, Director of Planning and Community Development; Mr. Gregory Moore, President, Downtown Dover Partnership (DDP) Board of Directors; and Mr. K.C. Sheth. Councilman Hare and Mr. Hammond were absent.

Identify Challenges to the Goal/Vision and Develop Strategies

Mrs. Townshend advised that one (1) of the challenges to the vision would be communication. She indicated that when she attends Restoring Central Dover meetings, she is regularly asked about the City's new economic development structure. Mrs. Townshend stated that the business community also probably wants to have a sense of where to go since there is no longer a City Economic Development Office.

Mayor Christiansen stated that the Chamber of Commerce had called and asked to attend Economic Development Committee meetings so that there is not duplication of efforts.

Mrs. Townshend informed members that the economic development page on the City's website goes back to the time when the City had staffing for economic development. She suggested looking at what members wanted under economic development for the website, so that someone who knows nothing about Dover and clicks on economic development would get information regarding where to start, rather than calling an office that is no longer there.

Mayor Christiansen asked Mr. Koenig if anybody on staff could feed current information into that portion of the City's website. Responding, Mr. Koenig stated that Mr. Kirby Hudson, Assistant City Manager, would be working on this.

Mr. Cole noted that one (1) of the challenges would be existing building vacancies.

Mayor Christiansen asked if there was a current inventory of vacant buildings downtown and throughout the City. In response, Mrs. Townshend indicated that there is a vacant building registration that monitors the fact that buildings are vacant

but does not give details on condition. She noted that staff inspects buildings to make sure they are secure and that most of the vacant buildings at this point would probably need an architect in order to be re-occupied. Mrs. Townshend advised that a building that has been vacant for five (5) years or a decade typically has some deterioration, and there is a challenge because a lot of these buildings are not turnkey space.

Mr. Koenig noted that the vacant building registry would not be a full inventory, because there may be vacant commercial properties that are listed with a commercial realtor. Mrs. Townshend stated that these properties would still be on the list. Mr. Koenig commented that the realtors' inventory changes quickly.

Mrs. Townshend advised that if part of a building is vacant, it would not be registered. She explained, for instance, that a lot of commercial vacancies downtown had occupied apartments above them; however, they are not part of the vacant building registration, which only includes buildings that are fully vacant. Responding to Mayor Christiansen regarding whether there was a way to remedy this, Mr. Koenig advised that there was no easy way to do so. Mrs. Townshend commented that this could only be remedied through the code; however, the code had been changed to create this exception. She explained that staff had received a lot of negative feedback from the real estate community because realtors did not believe it was necessary to register properties that had vacant commercial space but also people living in them. Mrs. Townshend indicated that the code had been changed to accommodate this; however, it could be changed back through the action of Council.

Mr. Donald Rowe stated that he is one-half of the team that owns TR Nail Spa at 1188 Forrest Avenue. He asked if the properties on the vacant building list were split between office spaces and warehouses and if warehouses were also available on the list to be reviewed. Responding, Mr. Koenig advised that it is difficult for the City to manage the information on the list, noting that there is a requirement to register vacant buildings, but this is not a register that someone would consult to find space. He suggested contacting a commercial realtor who could take someone through spaces, show the pros and cons of each space, and be able to talk about cost. Mr. Koenig explained that the City may know when a space was vacated but not the history of the space, its quality from a rental standpoint, and if this is a space where someone would like their business to go. Mr. Koenig indicated that commercial realtors can be depended on for lists of available spaces and to know what the market is doing. He informed members that the City has a very generic registry that is not a depository of the best information to help someone to make a decision whether a space suits them.

Ms. TR Rowe, TR Nail Spa, asked if the City could go to the Multiple Listing Service (MLS) and ask for this information. Responding, Mr. Koenig explained that an individual could do this. He noted that if the City did this, the City would have

to be in the process of updating this information all the time, which is not a business line that the City had been in.

Mrs. Townshend explained that the vacant building ordinance was created as part of the City's code enforcement program and is managed under this program. She noted that genesis of the ordinance was in monitoring the buildings, keeping an inventory, and collecting fees to try to discourage people from keeping buildings needlessly vacant. Mrs. Townshend advised that the registry is just a list of addresses and does not distinguish between a house, a commercial building, or a warehouse. She stated that there are registered vacant buildings of all of those varieties, but this cannot be determined by looking at the list. She indicated that she was unsure if the City's Naviline system could be set up to do this if this was something that Council desired, noting that this would be a very large task.

Ms. Rowe asked if a building could be listed on two (2) different registries and if buildings downtown that have a vacant business and also apartments are listed as business or residential. In response, Mrs. Townshend indicated that vacant buildings are listed only as vacant and the City's level of inventory does not include information regarding whether the property is business or residential.

Mr. Rowe asked if realtors who own properties are required to register properties through the City. He questioned if someone driving who saw a sign posted could have come to the City as a starting point to find information about a building, not necessarily its condition or what was needed to bring it up to code. Responding, Mrs. Townshend advised that most of the vacant buildings are not owned by realtors but by individuals, LLCs, or banks. She indicated that the City has information about who the responsible party is that owns the property and may or may not have information regarding who has listed it.

Ms. Rowe stated her understanding that someone coming to the City who was looking for buildings would have to go to a realtor who would hopefully know all the vacant buildings or businesses, and this person could not click on a City page that would show the locations of vacant businesses. In response, Mr. Koenig stated that he, personally, would suggest that they go to a realtor, because they would then be connected with a broker or agent who would work tirelessly to put them in a space. He explained that realtors would work 24/7 and call their contacts and everybody who could put them in a space. Mr. Koenig advised that the City only knows what is registered as vacant. He advised that if something came up the day before, it may not be required to be on the City's vacant building registry yet. He pointed out that calling the City versus a realtor could cause someone to miss an opportunity because the City would not know about this vacancy yet.

Ms. Rowe asked what City areas are eligible for incentives. She noted that Route 8 was a country area with cornfields when she was growing up, but now it is

considered the City of Dover. She advised that she had not received incentives and asked where the incentive area starts and ends. In response, Mrs. Townshend explained that there are a number of sets of incentives, including some that apply in the downtown area. Ms. Rowe was provided a brochure regarding the Downtown Development District (DDD) Program that included a map of the downtown area. Mrs. Townshend stated that there is a set of incentives for vacant commercial and industrial buildings that provide some relief of the building permit fee, tax relief on the value of improvements, and a discount for applicable impact fees for commercial and industrial buildings that are over 5,000 square feet.

In response to Ms. Rowe, Mrs. Townshend explained that DDD incentives are separate from the incentives for vacant commercial and industrial buildings. She stated that any building in the DDD district can qualify for incentives; however, the incentive with the 5,000 square foot limitation could apply outside of the DDD.

Mr. Koenig advised that it is best to set up a meeting with staff to go over all the incentives, because they vary depending on location within in the City. He stated that information regarding incentives is on the City's website and staff had reviewed incentive information with realtors, although realtors change and they may not always have current information. Mr. Koenig suggested setting up an appointment to go over the individual incentive packages, especially if there is an idea of an actual property where there is interest, noting that this is very much a one-on-one conversation.

Mr. Koenig stated that, during the Council Retreat held on January 6, 2017, members discussed a business ombudsman position, which would potentially be a new position created in a future budget. He explained that people could make an appointment to see the ombudsman, explain what they want to do, and find out what incentives the City has to offer. Mr. Koenig advised that a businessperson could bring in their representatives, such as a real estate agent, engineer, or others representing their interests, and meet with a number of different staff people. He advised that the City does not have an ombudsman right now; however, there were many members of staff who could at least get Mr. and Ms. Rowe through the first couple of steps. Mr. Koenig indicated that one (1) of the current problems at the staff level was that people come in with an idea but do not bring in all the information, which in many cases they do not have. He stated that they may not have their agent or engineer with them, and everyone tries to make notes that may not make sense when they go back to review them. Mr. Koenig explained that the City was in a transition, reiterating that there had been discussion at the Council retreat about potentially having a person who could help people navigate some of the regulatory hurdles of opening a business, reach out to more people, and get more small businesses interested in the City of Dover.

Ms. Rowe indicated that approximately five (5) staff members had come to her business. She stated that they did not have complete information, noting that some of them thought that she was eligible for the incentives. Ms. Rowe advised that she had a representative from every facet that she would need to make her business come to fruition. Mrs. Townshend stated that there had been staff there from the regulatory end but not the incentive end. She noted that the business was just outside the DDD.

Mayor Christiansen suggested considering the expansion of the incentive district in the future. Responding, Mrs. Townshend advised that, under the State program, the City was limited to 225 acres for the DDD program and was maxed out.

In response to Mayor Christiansen regarding other City incentives, Mr. Koenig advised that these incentives were at the pleasure of Council. Mayor Christiansen stated that Mr. and Ms. Rowe could appeal to Council through the Economic Development Committee, and Ms. Rowe asked for the process for this. Mrs. Townshend advised that this would require a legislative change and that this was something that could come out of the Committee.

Mayor Christiansen asked Ms. Rowe to write a letter to the Economic Development Committee making her request.

Mrs. Townshend stated that TR Rowe Nail Spa was under 5,000 square feet, and Ms. Rowe confirmed this. Mrs. Townshend advised that if the business was larger than 5,000 square feet, it would have been eligible for one (1) set of incentives, so it may be a matter of reviewing the current 5,000 square foot threshold.

By consent agenda, Mr. Neil moved for acceptance of the Economic Development Committee Report, seconded by Mr. Lewis and carried by a unanimous roll call vote.

ECONOMIC DEVELOPMENT COMMITTEE REPORT - MARCH 1, 2017

The Economic Development Committee met on March 1, 2017 at 2:03 p.m. with Mayor Christiansen presiding. Members present were Mr. Hudson, Assistant City Manager; Mrs. Ann Marie Townshend, Director of Planning and Community Development; Mr. Hammond; Mr. Gregory Moore, President, Downtown Dover Partnership (DDP) Board of Directors; and Mr. Sheth. Mr. Cole, Mr. Hare, and Mr. Koenig were absent.

Request for Incentives - Nail Spa by TR

Mrs. Ann Marie Townshend, Director of Planning and Community Development, referred to the letter dated February 17, 2017 received from Ms. TR Rowe, Nail Spa by TR, requesting incentives. She explained that the letter requested that a variety of incentives that are available within the Downtown Development District (DDD) be applied to Nail Spa by TR, and Mrs. Townshend noted that this would mean applying the incentives to an area larger than the DDD.

Referring to the list of incentives requested in the letter, Mrs. Townshend explained that incentives #1 - Architectural Support and #2 - Facade Improvement Grants were Downtown Dover Partnership (DDP) incentives that the City of Dover does not have authority over and could not act on. She advised that incentive #3 - Sustainable Energy Utility and #7- Kent County Incentives were administered by Kent County, noting that #7 applied only to projects in the State's designated DDD.

Mrs. Townshend advised that the remaining incentives, which were in the City's purview to consider, included #4 - Business License Fee Waiver, #5 - Permit Fee Waiver, #6 - Property Tax Abatement, and #8 - Square Footage. Members were provided Appendix E - Commercial and Industrial Building Redevelopment Incentives of the Dover Code. Mrs. Townshend explained that it is this section of the code, rather than the DDD incentives, that requires a 5,000 square foot minimum.

Mrs. Townshend stated that the business license fee waiver incentive was created when the City submitted its DDD application. She noted that the application requested that the City develop incentives that would be specific to the district and would not be Citywide; therefore, she stated that she did not believe the City was in a position to alter this incentive.

Mrs. Townshend stated that she thought an option that might be available to Council, if they wanted to move forward, would be to consider the commercial and industrial building redevelopment incentives in Appendix E. She noted that these incentives are slightly different and not quite as generous as the DDD incentives, nonetheless they have some cash value. Mrs. Townshend explained that Appendix E addresses vacant commercial and industrial buildings or tenant spaces and tries to encourage their utilization. She noted that a minimum 5,000 square foot floor area had been set for projects to qualify for these specific incentives, and if this requirement was eliminated, a project such as the Nail Spa by TR would be eligible for the incentives under that program. Referring to Appendix E, Article III - Incentives, she pointed out that the program allows for a partial waiver of permit fees, and that 50% of the fees for building, plumbing, mechanical, and fire protection permits would be waived, as well as 50% of the City impact fees. Mrs. Townshend advised that there would be a property tax waiver not to exceed 10 years on the value of the improvements.

Mrs. Townshend stated that if members wanted to entertain projects such as this in the future, simply striking the 5,000 square foot minimum would work. She noted that if they wanted the change to apply retroactively to the requested project, an ordinance amendment would be needed to strike the 5,000 square foot minimum and include a retroactive date so that the amendment could be applied to any other property that would qualify. Mrs. Townshend cautioned members that if the amendment is retroactive, the City would be refunding money that it has already collected due to the need to be fair. She stated that the 5,000 square foot minimum could not be stricken for just one (1) business and not for others.

Mr. Moore asked if the response to the request for incentives #1 and #2 would be that applications for these incentives must be filed separately to the DDP. Responding, Mrs. Townshend explained that Nail Spa by TR was outside the downtown area; therefore it would not qualify.

She advised that the answer from the City would be that incentives #1, #2, #3, and #7 are not within the City's purview to do anything about, but the City could specifically look at Appendix E of the code to address the fee waiver request.

Ms. TR Rowe, TR Rowe Nail Spa, 1188 Forrest Avenue, explained that her business is located in an area on Forrest Avenue that was expanding, noting that Autozone, Starbucks, a bank, and some more facilities will be coming out that way. She stated that, although this was not a historic district like the downtown area, people would be employed, which would help the City of Dover, and this was why she was asking for these considerations.

Mayor Christiansen suggested forwarding this matter to Council for assignment to the Legislative, Finance, and Administration Committee for review of Mrs. Townshend's recommendations and the recommendations of the Committee, and perhaps consider the request for reciprocity on the current project to hopefully encourage expansion once everything else out there starts to expand.

The Committee recommended forwarding this matter to Council and to present a proposed amendment to the ordinance to the Legislative, Finance, and Administration Committee, along with a retroactive date and the number of other permits and properties the amendment would apply to, so that there would be a sense of what the amendment would do to the revenue that had already been collected.

By consent agenda, Mr. Neil moved for approval of the Committee's recommendation, seconded by Mr. Lewis and carried by a unanimous roll call vote.

EXCERPT OF APRIL 10, 2017 CITY COUNCIL MEETING MINUTES

The Regular Council Meeting was held on April 10, 2017 at 7:40 p.m. with Council President Slavin presiding. Council members present were Mr. Anderson, Mr. Sudler, Mr. Neil, Mr. Lewis, Mr. Cole, Mr. Hare, and Mr. Hutchison.

COUNCIL COMMITTEE OF THE WHOLE REPORT - MARCH 28, 2017

The Council Committee of the Whole Meeting was held on March 28, 2017 at 6:00 p.m., with Council President Slavin presiding. Members of Council present were Mr. Anderson (arrived at 6:13 p.m.), Mr. Neil, Mr. Cole, Mr. Hare, and Mr. Hutchison. Mr. Sudler and Mr. Lewis were absent. Mayor Christiansen was also present (departed at 7:41 p.m. and returned at 7:52 p.m.). Civilian members present for their

Committee meetings were Ms. Arndt and Mr. Blakeman (*Utility*), Mr. Caldwell (*Parks, Recreation, and Community Enhancement*), Mr. Keller and Mr. Shelton (*Safety Advisory and Transportation*), and Mr. Shevock and Dr. Stewart (*Legislative, Finance, and Administration*). Mrs. Horsey (*Parks, Recreation, and Community Enhancement*) was absent.

LEGISLATIVE, FINANCE, AND ADMINISTRATION COMMITTEE

The Legislative, Finance, and Administration Committee meeting was held with Chairman Hare presiding.

Request for Incentives - Nail Spa by TR

During their meeting of March 1, 2017, the Economic Development Committee recommended forwarding the Request for Incentives - Nail Spa by TR to Council and to present an amendment to the ordinance to the Legislative, Finance, and Administration Committee, along with a retroactive date and the number of other permits and properties that the amendment would apply to, so that there would be a sense of what the amendment would do to the revenue that had already been collected. City Council approved this recommendation during their Regular Meeting of March 13, 2017.

Mrs. Ann Marie Townshend, Director of Planning and Community Development, advised that a request had been received from the owner of Nail Spa by TR to expand the Downtown Development District (DDD) incentives to a larger area. She explained that Ms. TR Rowe had recently opened a business in the City and was not eligible for the incentives. Mrs. Townshend indicated that the DDD was a very geographically focused program and, under the State's program, the City was limited to 225 acres. She indicated that there was not a good way to expand the incentives beyond that area; however, there was an incentive in Appendix E of the Dover Code of Ordinances for commercial and industrial building redevelopment. Mrs. Townshend indicated that this incentive requires a minimum of 5,000 square feet of floor area and allows for a waiver of half of the building permit fees and half of the impact fees, as well as tax abatement for 10 years on the value of the improvements. She noted that Nail Spa by TR occupies less than that 5,000 square foot threshold; therefore, it did not qualify for this incentive. Mrs. Townshend advised that, during the Economic Development Committee meeting, members discussed bringing forward an amendment to strike the language in Appendix E regarding the minimum 5,000 square foot floor area so that smaller areas would qualify for the incentives. She indicated that another aspect discussed was making the amendment retroactive so that this particular business owner would be able to receive the incentives. Mrs. Townshend stated that she had explained that, in order to be fair, there would be a need to look at other businesses that did not get the incentive because of their size. She indicated that she had offered to review this matter and bring forward what the costs would be; however, it was determined that

the permit was issued for renovations for Nail Spa by TR in July 2015, the Certificate of Occupancy was granted in September 2015, and the funds were collected in a prior fiscal year. Mrs. Townshend explained that if the amendment was made retroactively, it would apply to many locations and it would require a great amount of staff time to comb through all of the building permits to determine how widely applicable it would be. In addition, she noted that typically money is not refunded from prior fiscal years and thought this was a bad precedent to set. Mrs. Townshend indicated that there were two (2) things coming out of Committee: 1) the retroactivity which she would not recommend, based on the datedness of the permits and the renovations that were completed; and 2) changing the ordinance going forward to remove the 5,000 square feet of floor area, which would make very small tenant spaces and shopping centers eligible for the incentives. She noted that this would be a benefit on the business side of things; however, there would be a cost on the revenue side of things. Mrs. Townshend stated that it seemed fair to remove the threshold given that 5,000 square feet was not a magic number.

Mr. Anderson stated that he agreed with Mrs. Townshend and did not see any reason to give any money back retroactively. He asked if it would be acceptable to take the July 1, 2015 date and allow businesses to apply for their 10-year exemption 10 years forward from the year that it is approved. Responding, Mrs. Townshend advised that this would be a middle ground position that would not require researching of back permits and refunding money from prior years.

Mr. Anderson stated that this would put the responsibility on the property owner, noting that the City would provide public notice on the City's website, possibly by placing a small legal ad in the newspapers, and through the Chamber. This would put the responsibility on the property owner to do the application, rather than on staff to research, and would not take money from other taxpayers. He questioned if this would be a way to achieve the objective and Mrs. Townshend stated that she thought that it would.

Mr. Hare questioned if the City would still be refunding money. In response, Mrs. Townshend stated that it would not, and this would be tax abatement going forward 10 years from the time of application rather than going backward.

Mr. Neil asked how much money the tax abatement would be for a small building with 2,500 square feet. Responding, Mrs. Mitchell indicated that this would depend on the current assessed value. Mrs. Townshend noted that this could vary depending on the location of the property in the City and its condition.

Mr. Anderson noted that the project has to be at least $15,000.

Dr. Stewart stated her understanding that the request was to eliminate the 5,000 square foot minimum; however, it was unknown how much this would cost in the

future if businesses that did not previously qualify could qualify going forward, and this was confirmed by Mrs. Townshend. In response to Dr. Stewart regarding the location of the property, Mrs. Townshend indicated that it was located just before the Arby's on Route 8.

Mr. Hare asked if the downtown development incentives would be expanded, and Mrs. Townshend responded that they would not. She stated that incentives had been developed for vacant commercial properties on Route 13, industrial buildings, and industrial parks to encourage their reuse. Mrs. Townshend advised that these incentives had been used for the Walmart redevelopment and Mission Barbecue projects. She noted that this was a lesser incentive than those in the downtown area but was nonetheless an incentive. She reiterated that the request was to remove the 5,000 square foot threshold.

Mr. Hare questioned if the 5,000 square foot threshold could be left and another threshold could be established with a little less incentive, and Mrs. Townshend indicated that this could be done. Mr. Neil expressed his opinion that members did not have enough information to know what approving this would cost and stated the need for more information.

Mr. Slavin asked if the City had any kind of modeling for incentives that would indicate, if the City is giving on the revenue side, what the gain would be in economic impact of the business on the community. He noted that everyone wanted to be pro-business but, at the same time, he would not want another Council 10 years from now to question this amendment and have to undo it.

Mrs. Townshend stated that she did not know that there was a specific model; however, typically, incentives are targeted to address a specific problem. She stated that a number of fairly large businesses were leaving or vacant, such as Walmart and K-Mart, which was causing concern. Mrs. Townshend noted that these incentives were put in place to address a specific problem. She did not know that the proposal would necessarily solve a problem. She questioned if expanding the incentive would be solving a problem that does not exist or if the whole purpose was to be business friendly. She stated that it was known that businesses would not happen in the downtown area without these incentives and noted that the variety of incentives through the State, County, and City were making it worthwhile for people to invest. Mrs. Townshend indicated that she was unsure that the problem exists outside of the downtown area. She stated her belief that the incentive should be targeted to a problem that the City is trying to solve, noting that she was not convinced that there was necessarily a problem, other than wanting to be more friendly to business.

Mr. Shevock asked if the incentive for 5,000 square feet was the same for 10,000 square feet. Responding, Mrs. Townshend stated that it was; however, she noted that there were permit fee and impact fee partial waivers; therefore the value of the

incentive would change. She advised that the costs and permit fees for renovating a very large space would be more; therefore, the savings would be more. She noted that this would be proportionate. Mr. Shevock asked, if this would proportionately go up, whether the fees could proportionately come down for someone with lesser square footage, and Mrs. Townshend stated that it would. Mr. Shevock indicated that this would be the thing to do, noting that everyone would then be equal. Mrs. Townshend agreed and noted that there would still be a $15,000 minimum of construction value.

Mr. Anderson stated that it was important not just to be friendly to business but to maintain the flow of business. He noted that businesses come and go, and business places become empty, and the value of them goes down. Mr. Anderson advised that it was found that if incentives are put in place, people invest and increase the value of the property. He noted that this incentive does not lower the amount of taxes collected from a property but increases taxes collected; however, it temporarily increases the amount collected at a lower rate. Mr. Anderson indicated that it encourages people to improve the value of the property, so it provides in the long run a higher tax base and more tax revenue. He stated that in the short run it provides more revenue, fees, and economic activity and is designed to bring in more business activity and generate more revenue. Mr. Anderson noted that this design does not have any value difference, noting that there are small empty spaces and that filling five (5) 2,000 or 2,500 square foot office or store spaces is just as valuable as filling one (1) of the bigger stores. Mr. Anderson advised that small business cannot be left out anymore and the City must be friendly to them, not only to the medium and larger businesses.

Mr. Slavin indicated the desire to approach this issue with some science behind it. He expressed the desire to be as business friendly as possible, especially to small businesses, and indicated that this was not necessarily a bad idea; however, he was not convinced with the information provided that the City would be getting a benefit.

Mr. Hare stated that, based on what he was hearing, any small business could come to the City and receive a 10-year tax exemption, just like Ross or Big Lots. Mrs. Townshend clarified that all these businesses would receive tax abatement. Mr. Hare noted that a business such as a massage parlor could shut down, reopen with a new owner, and get 10 years in tax abatement. Responding, Mrs. Townshend indicated that they would have to demonstrate that they had $15,000 worth of construction value in renovations for tax abatement.

Mr. Hare stated that he did not think that members had enough information to make an educated decision.

Mr. Anderson pointed out that it would not lower the taxes that are currently paid and is not a tax abatement on the property but a tax abatement on the improvement. He

noted that it is designed to give a partial tax abatement on the increased value for a period of time if more money is invested. Mr. Anderson indicated that it would not pay someone to shut their business down and reopen it because it would not change their taxes. He explained that it was not designed to create more taxes in property in the City of Dover, but to increase the amount of taxable property in the City of Dover, and to provide a partial abatement on the improvement value of the property.

Mr. Hare asked, when the Walmart center reopened, if they were still paying 100% of the property taxes that they were paying. Mrs. Townshend responded yes and noted that they were also paying the increased value on the outbuildings; however, they were receiving an abatement on the main building. She explained that if their taxes had increased from $5,000 to $7,500, they would still be paying only $5,000 over the next 10 years.

Mr. Hare asked if the individual from Nail Spa by TR was requesting just an abatement. Responding, Mrs. Townshend advised that her letter had indicated that she wanted the downtown incentives. She indicated that she was unsure if Ms. Rowe was the property owner and, if not, what the structure of her lease was. Mrs. Townshend advised that she did not know if Ms. Rowe was paying the taxes or if the landlord was paying them.

Mr. Hare expressed his opinion that expanding the downtown incentives would be opening up a can of worms and questioned how far out the incentives would be extended. He stated that businesses outside the DDD should be treated like the Big Lots property or anyone else, and Mrs. Townshend agreed. He expressed the need to come back with a plan before this issue could be addressed.

Mayor Christiansen advised that Mrs. Traci McDowell, City Clerk, had pointed out that the ordinance had a sunset date of December 31, 2018, and he recommended taking it back and massaging it prior to its being sunset.

The Committee recommended that Staff come back with a recommendation with regard to buildings with less than 5,000 square feet, what the impact would be, and whether or not the time could be increased for a smaller building to have the abatement.

By consent agenda, Mr. Hare moved for approval of the Committee's recommendation, seconded by Mr. Anderson and carried by a unanimous roll call vote.

CITY OF DOVER PROPOSED ORDINANCE #2017-09

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF DOVER, IN COUNCIL MET:

That Chapter 2 - Administration, Article IV - Officers and Employees, Division 1 - Generally, Section 2-201 - Compensation and Expenses for Mayor, Council, Employees and Other Elected or Appointed Officials, of the Dover Code, be amended by deleting the text indicated in red strikeout and inserting the bold, blue text, as follows:

DIVISION 1. - GENERALLY

Sec. 2-201. - Compensation and expenses for mayor, council, ~~employees~~ and other elected or appointed officials.

(a) ~~*Fees established.*~~ In accordance with section 12 of the Charter, authorizing the council to establish compensation and expenses for the mayor, ~~and~~ councilmembers, ~~city employees~~ and other elected or appointed officials, the following fees are hereby established:

(1) *Mayor.* The mayor shall receive an annual salary of $45,000.00. ~~For the period beginning July 27, 2009, and ending July 26, 2010, the mayor shall receive an annual salary of $44,100.00.~~ In addition, the mayor shall receive an expense allotment of up to $5,000.00, to be included in the city's annual budget for miscellaneous expenses, to be reimbursed upon submission of receipts or proper documentation. Expenses in excess of this amount shall only be permitted by council approval. The mayor shall be entitled to all benefits customary to an employee of the city, except pension benefits, and sick and vacation leave.

(2) *Councilmembers generally.* Each councilmember shall receive an annual salary of $7,416.00, to be paid monthly. ~~For the period beginning July 27, 2009, and ending July 26, 2010,each councilmember shall receive an annual salary of $6,674.40, to be paid monthly.~~ The council president shall receive an annual salary of $8,652.00, to be paid monthly. ~~For the period beginning July 27, 2009, and ending July 26, 2010, the council president shall receive an annual salary of $7,786.80, to be paid monthly.~~ Councilmembers shall receive reimbursement for actual and necessary expenses incurred when on official business as prescribed by ordinance or policy.

(3) *Board of assessment appeals.* Each appointed member of the board sitting to hear appeals from the municipal assessment shall receive $75.00 per diem reimbursement for expenses for the preparation and attendance at each meeting of the board of assessment appeals.

(4) *Nonemployee election officers.* Each person not a city employee appointed to serve as an election judge for any municipal election shall receive $200.00 for per diem reimbursement for each election attended. Each person chosen to serve as a clerical assistant for any municipal election shall receive $150.00 for per diem reimbursement for each election attended.

(5) *Employee election officers.* Employees of the city appointed to serve as election judges or officials for any municipal election shall receive $150.00 for per diem reimbursement for expenses for each municipal election attended in addition to their regular salary.

(6) *Appointee to council committee.* Each appointed member to any city council committee, not serving an elected term to any city office, shall receive $75.00 for preparation and attendance at each committee meeting to which the member is appointed.

Draft

(7) *Employee on council committee.* ~~For a~~**A**ny city employee appointed to a council committee shall receive $25.00 for reimbursement for expenses per diem for each meeting attended which is held after 5:00 p.m. on a scheduled workday or at any time on a weekend or city-approved holiday.

(8) *Planning commission.* Each appointed member of the planning commission shall receive $100.00 per diem reimbursement for expenses to be paid monthly for preparation and attendance at each meeting of the planning commission.

(9) *Board of adjustment.* Each appointed member of the board of adjustment~~s~~ shall receive $75.00 per diem reimbursement for expenses to be paid monthly for preparation and attendance at each meeting of the board of adjustment~~, to become effective July 1, 2007~~.

(b) *Compensation commission.* There is hereby created a compensation commission to consider compensation for the mayor, city council, and paid members of city committees and commissions. The compensation commission shall consist of five members, one member appointed by the mayor, one member appointed by the council president, and three members appointed by city council during the annual meeting. Members shall be city residents who are registered to vote in city elections. Members shall serve ~~two~~ **four**-year terms and cannot be reappointed within the next ~~two~~ **four** years. The controller/treasurer and human resources director shall serve as ex-officio, nonvoting members.

The compensation commission shall meet ~~as needed~~ **at least once a year**, with a **written** report due to council ~~six months prior to~~ **on or before** the **first** regular ~~municipal election~~ **council meeting in November. Prior to submitting a resolution to council which proposes a change in compensation**, ~~with~~ one public hearing **must be** held ~~prior to their submission of the report to council~~. Upon receiving the resolution of the commission, the city council may reduce or reject the commission's recommendation, but it may not increase any item in the resolution. The recommendations contained in the resolution, and any permitted changes to such recommendations, shall not become effective unless adopted by ordinance enacted at least three months prior to the elections of the next succeeding mayor and council, and shall take effect only for the next succeeding terms of office of the mayor and council.

ADOPTED: *

S:\ORDINANCES\2017\DRAFT\ORDINANCE #2017-09 COMPENSATION COMMISSION\Ordinance #2017-09 - Ch 2 - Admin, Art IV - Officers & Employees, Div I - Generally, Sec 2-201 Compensation.wpd

SYNOPSIS

The proposed amendments would correct the charter reference; delete language related to the Mayor and Councilmember's pay reduction in 2009; increase the term length and period of time between reappointments for Compensation Commission members from two years to four years; and require the Commission to meet at least once a year and provide a written report to Council.
