REGULAR COUNCIL MEETING

The Regular Council Meeting was held on April 25, 2011 at 7:30 p.m. with Council President Hogan presiding. Council members present were Mr. Bonar, Mr. Leary, Mr. McGiffin, Dr. McGlumphy, Mr. Ruane, Mrs. Russell, Mr. Salters, and Mrs. Williams.

Council staff members present were Police Chief Hosfelt, Ms. Russell, Mrs. Mitchell, Mrs. Townshend, Third Assistant Fire Chief Simmons, Mr. DePrima, City Solicitor Rodriguez, and Mrs. McDowell. Mayor Carey was also present.

OPEN FORUM

The Open Forum was held at 7:15 p.m., prior to commencement of the Official Council Meeting. Council President Hogan declared the Open Forum in session and reminded those present that Council was not in official session and could not take formal action.

There was no one present wishing to speak during the Open Forum.

The invocation was given by Councilman Salters, followed by the Pledge of Allegiance.

AGENDA ADDITIONS/DELETIONS

Mr. Leary moved for approval of the agenda as presented, seconded by Mr. Bonar and unanimously carried.

Mr. Leary moved for approval of the consent agenda, seconded by Mr. Salters and carried by a unanimous roll call vote.

ADOPTION OF MINUTES - REGULAR COUNCIL MEETING OF APRIL 11, 2011

The Minutes of the Regular Council Meeting of April 11, 2011 were unanimously approved by motion of Mr. Leary, seconded by Mr. Salters and bore the written approval of Mayor Carey.

PROCLAMATION - EMPLOYEE APPRECIATION DAY

The City Clerk read the following Proclamation into the record:

WHEREAS, the employees of the City of Dover continue to work hard to provide the best customer service to the residents of our community even during times of economic hardship; and

WHEREAS, all employees of the City of Dover do their best, on and off the job, to continuously promote Community Excellence through Quality Service; and

WHEREAS, due to the teamwork and the commitment of our employees, the citizens of Dover are able to enjoy a community where the employees take pride in their jobs, in order to make Dover a place where people love to live, work and play; and

WHEREAS, the City of Dover recognizes that every member of our work force is a valuable asset and the success of our City is due largely to the pride and efforts that all employees put forth.

NOW, THEREFORE, I, Carleton E. Carey, Sr., Mayor, of the City of Dover, Delaware do hereby proclaim Friday, May 6, 2011 ***EMPLOYEE APPRECIATION DAY*** *in the City of Dover and recognize the dedication and hard work of all City of Dover employees, and request that all citizens take a moment to thank a City of Dover employee for their outstanding service to our community.*

PARKS, RECREATION, AND COMMUNITY ENHANCEMENT COMMITTEE REPORT - APRIL 11, 2011

The Parks, Recreation, and Community Enhancement Committee met on April 11, 2011 with Chairwoman Russell presiding.

Proposal by Chyenne Arsenault - Community Service Requirement for Graduation

During the Open Forum Segment of the Regular Council Meeting of March 14, 2011, Ms. Chyenne Arsenault, 219 Beechwood Avenue, presented a proposal to introduce community service as a requirement for graduation from high school in Delaware.

Ms. Arsenault reminded members that she attends Polytech High School, is majoring in Environmental Science, and is required to perform 10 hours of community service each year in order to obtain her technical diploma. She quoted a statement by Margaret Meade: "Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has." She stated that her community service has provided many benefits, including connections with people, a sense of responsibility about her place in the workforce, skills and knowledge related to community service activities, and job opportunities.

Ms. Arsenault felt that instituting such a graduation requirement in all Delaware schools would greatly benefit the youth of Dover, particularly those who do not have a sense of direction, and would motivate them to make a positive contribution. She noted that community service could equip students with work experience and letters of recommendation, both of which are helpful to young people when applying for employment. Ms. Arsenault reminded members that area organizations, such as the Department of Natural Resources and Environmental Control (DNREC), Dover Downs, The Salvation Army, and Adopt-A-Highway (as well as in-school programs, such as the Future Farmers of America (FFA), have a need for volunteers which could be filled by students. She indicated that a community service requirement would also enhance the reputation of Delaware schools.

Ms. Arsenault encouraged members to support the institution of community service as a requirement for graduation from high school in Delaware.

In response to Dr. McGlumphy, Ms. Arsenault indicated that, to her knowledge, no schools in Delaware have a community service graduation requirement; however, many of the schools in Pennsylvania and New Jersey do have such a requirement. She stated that not all "Shops" at Polytech require community service as a graduation requirement.

Noting that this issue is not in the purview of the City of Dover, Dr. McGlumphy suggested that Ms. Arsenault pursue this proposal with the Department of Education and discuss her proposal with the Superintendent of Polytech High School. Dr. McGlumphy explained that each school district

develops their own criteria for graduation and that even schools within the same school district may have different requirements. He also explained that there is a process involved and procedures that must be followed by the State. Dr. McGlumphy suggested that Ms. Arsenault present her proposal to Polytech High School, explaining that it would then be presented to the local school board rather than City Council.

Concurring with Mrs. Russell, Mrs. Horsey commended Ms. Arsenault for her efforts and expressed her agreement with the proposal as presented. She encouraged Ms. Arsenault to pursue the proposal, through the process suggested by Dr. McGlumphy.

Mr. Ruane also encouraged Ms. Arsenault to pursue her proposal and suggested that, in addition to the action suggested by Dr. McGlumphy, she contact local legislators for their support. He concurred with Ms. Arsenault's view that community service can instill a sense of responsibility and relayed appreciation for her view that such service opportunities should be provided for all youth, not just those that may be required to perform community service by the courts.

The Committee recommended acceptance of the report.

By consent agenda, Mr. Leary moved for approval of the Committee's recommendation, seconded by Mr. Salters and carried by a unanimous roll call vote.

Presentation of Master Plan for the Boys and Girls Club at Schutte Park

Mr. Zachery Carter, Director of Parks and Recreation, provided and reviewed a Map of the Schutte Park Master Plan and a List of the Schutte Park Master Plan Improvements. He advised members that the Master Plan will be utilized in the development of the Capital Investment Plan (CIP) during the next five (5) years. Mr. Carter noted that the map was not yet finalized and did not reflect the realignment of Wyoming Mill Road which is in progress. He also noted that the Facility Management and Construction Facilities were labeled incorrectly on the map.

Mr. Carter indicated the location of the proposed Boys and Girls Club (shown on the map at the intersection of (realigned) Wyoming Mill Road and Hazlettville Road), based on the information provided by the Boys and Girls Club regarding the proposed size of the facility and parking area. He reviewed the existing layout and future improvements proposed for Schutte Park. Mr. Carter advised members of staff's desire to expand the current John W. Pitts Center to accommodate all Parks and Recreation Department staff, including those at the Dover Park Recreation Center on White Oak Road, as well as an additional multi-purpose room. He explained that the list of future improvements will meet the City's needs for the next five (5) years and beyond.

Mr. Ruane relayed his support of the expansion of the pedestrian and bicycle paths; however, he encouraged the development of access to these pathways. He reminded members that the Bicycle/Pedestrian Plan developed several years ago had access to Schutte Park as a high priority and explained the dire need to provide access to the Park from all areas of the City. He reminded members that a study was conducted which indicated the need for a means for residents coming from the New Burton Road area to access Schutte Park, in spite of the significant cost involved. It was his hope that staff will include an access plan in the pedestrian/bicycle section of the Master Plan and that staff include a time frame and associated costs with their proposal.

Responding, Mr. Carter stated that some of the plans, including projected costs, have been included in the five (5) year CIP. In addition, he noted that the Kent County Metropolitan Planning Organization (MPO) is currently in the process of developing a bike plan for Kent County. He stated that it is hoped that this plan will include access to Schutte Park. He assured members that the City will consider this project; however, he noted that there are other avenues that can be used to assist the City in this regard.

In response to Mrs. Russell, Mr. Carter stated that air conditioning for the gym at the Pitts Center was inadvertently omitted from the list of improvements and assured members that it will be included in the future.

Mr. Anthony DePrima, City Manager, thanked various staff members for their efforts in preparing the Master Plan, explaining that it would have cost the City between $30,000 and $50,000 to engage outside consultants for this purpose.

The Committee recommended acceptance of the Conceptual Schutte Park Master Plan.

By consent agenda, Mr. Leary moved for approval of the Committee's recommendation, seconded by Mr. Salters and carried by a unanimous roll call vote.

UPDATES

The following updates were provided to members:

Puncheon Run Watershed Action Team and Flood Plain Mapping

Mr. Scott Koenig, Public Services Manager/Director of Public Works, advised members that a Community Workshop was held on March 22, 2011 at City Hall to review improvements made to the Puncheon Run Watershed area by the Delaware Department of Transportation (DelDOT) and the Kent Conservation District, discuss one resident's recent success in obtaining a Letter of Map Amendment (LOMA), and identify other property owners who might be successful in pursuing a LOMA. He reminded members that an electronic notice regarding the Workshop was distributed and hand-delivered notices and mailings were distributed. There were 18 residents who attended the Workshop.

Mr. Koenig stated that the resident from Shadow Court who was recently successful in receiving a LOMA reviewed his application during the Workshop. Mr. Greg Williams, Department of Natural Resources and Environmental Control (DNREC), reviewed a portion of the application process, which he stated was available on the Federal Emergency Management Agency (FEMA) website.

Mr. Koenig noted that, since the Workshop, Mr. Ruane has worked diligently to secure assistance from a local surveyor who was successful with filing a previous application. He noted that this individual is providing information to area residents regarding the LOMA process.

Mr. Koenig stated his feeling that the Workshop was very successful and that positive feedback was received from residents in attendance.

Mr. Ruane commended staff for the Workshop and presentation to the residents. He stated that there are eight (8) residents who are moving forward in seeking a LOMA. He requested that staff continue to assist individual homeowners in this regard.

The Committee recommended acceptance of the Puncheon Run Watershed Action Team and Flood Plain Mapping Update.

By consent agenda, Mr. Leary moved for approval of the Committee's recommendation, seconded by Mr. Salters and carried by a unanimous roll call vote.

Planning and Funding for New Library

Ms. Margery Cyr, Library Director, advised members that a groundbreaking ceremony was held on April 5, 2011 for the New Library and thanked the City staff for their assistance with the event and all of the supporters that attended. She relayed special appreciation to the Friends of the Library for their contribution of food and refreshments.

Ms. Cyr displayed a collectible piece that Wilmington Trust Company commissioned for the Library. She noted that only 100 such pieces were issued and that some of them were presented to the Council President, City Manager, and others during the ceremony.

Ms. Cyr noted the receipt of a contribution by the Kent County Levy Court, in the amount of $1M, which was presented to the City during the ceremony.

Ms. Cyr stated that the City has received three (3) large pledges for the New Library Project, which will reduce the required construction loan amount to approximately $390,000. She assured members that fundraising efforts will continue for contributions toward the loan and other projects related to the Library and stated that she anticipated that these efforts will negate the need for a construction loan for the project.

The Committee recommended acceptance of the Update on the Planning and Funding for the New Library.

By consent agenda, Mr. Leary moved for approval of the Committee's recommendation, seconded by Mr. Salters and carried by a unanimous roll call vote.

CDBG Program

Mrs. Ann Marie Townshend, Director of Planning and Community Development, reported the Status of FY 2009-2010 CDBG Projects.

The Committee recommended acceptance of the CDBG Program Update.

By consent agenda, Mr. Leary moved for approval of the Committee's recommendation, seconded by Mr. Salters and carried by a unanimous roll call vote.

Housing and Recovery Act of 2008 Funds (Neighborhood Stabilization Fund)
Mrs. Ann Marie Townshend, Director of Planning and Community Development, reviewed the Update on the Housing and Recovery Act of 2008 Funds (Neighborhood Stabilization Program).

Responding to Mr. Ruane, Mrs. Townshend stated that property records are maintained by the Tax Assessor's Office, including any information regarding transfers; although the Code Enforcement Program tracks banks and management companies to ensure that vacant buildings are registered.

Mr. Ruane requested that vacant homes be placed on a future agenda for further discussion.

The Committee recommended acceptance of the Housing and Recovery Act of 2008 Fund (Neighborhood Stabilization Fund) Update.

By consent agenda, Mr. Leary moved for approval of the Committee's recommendation, seconded by Mr. Salters and carried by a unanimous roll call vote.

Dover Youth Advisory Committee
Mrs. Russell reported that nine (9) new members of the Dover Youth Advisory Committee will be sworn into office on April 12, 2011 at City Hall.

The Committee recommended acceptance of the Update on the Dover Youth Advisory Committee.

By consent agenda, Mr. Leary moved for approval of the Committee's recommendation, seconded by Mr. Salters and carried by a unanimous roll call vote.

Dover SunPark
Mr. William Neaton, Economic Development Director, reviewed a Presentation - The Dover Sun Park, a Community Solar Project. He advised members that the project is progressing ahead of schedule and that construction plans are anticipated to be completed by the end of July. Tours of the site are being scheduled and will begin April 20, 2011. He noted that this has been a great economic development project and relayed appreciation for the City taking the leadership role for this project.

Responding to Dr. McGlumphy, Mr. Neaton stated that, although this facility will not result in a lower utility bills for residents, the project demonstrates the City's commitment to supporting green energy. In terms of savings, Mr. Anthony DePrima, City Manager, stated that the solar project will assist the City in complying with Renewable Portfolio Standards (RPS) legislation requirements and that the pricing that the City receives for hosting the site is much less than the cost of purchasing solar power on the market. In addition, he stated that he anticipates that the cost of solar energy should remain stable as fuel prices escalate in the future, resulting in projected savings.

The Committee recommended acceptance of the Update on the Dover SunPark.

By consent agenda, Mr. Leary moved for approval of the Committee's recommendation, seconded by Mr. Salters and carried by a unanimous roll call vote.

By consent agenda, Mr. Leary moved for acceptance of the Utility Committee Report, seconded by Mr. Salters and carried by a unanimous roll call vote.

QUARTERLY REVENUE REPORT/PROJECTED REVENUES FOR FY 2012

Mrs. Donna Mitchell, Controller/Treasurer, reviewed the Quarterly Revenue Report/Projected Revenues for FY 2012 as of March 2011. She advised members that the grants and other miscellaneous revenues in the General Fund are still under review and are likely to change. Mrs. Mitchell stated that the Comments column for the Electric Fund Transfer, in the amount of $6,338,00, should indicate that "FY12 reflects the transfer policy amount" and not "FY12 reflects latest Electric Forecast." She also noted that the transfer, in the amount of $424,500, from the Water/Wastewater Fund had been removed from the budget as a General Fund Receipt for the current Fiscal Year; however, it will be included next year, in accordance with City Policy.

With reference to the Electric Revenue Fund, Mrs. Mitchell reminded members that the $293,000 included in the FY 2011 Projection of $2,293,600 for the Purchased Power Adjustment reflects the $1.4M approved for the additional Power Cost Adjustment (PCA) credit for 15 months (three (3) months for this Fiscal Year and 12 months for next Fiscal Year). The $6M in the FY 2012 Projection is based on the current forecast model as to what the City could currently provide for a PCA credit.

Mr. Bonar moved for acceptance of the Quarterly Revenue Report/Projected Revenues for FY 2012 as of March 2011, seconded by Mr. Salters and unanimously carried.

SEMI-ANNUAL INSPECTION BY CITY MANAGER - ROBBINS HOSE COMPANY

In accordance with Section 46-43 of the City Code, the City Manager, Mr. Anthony J. DePrima, met with Fire Chief Jack Fortney to conduct an inspection of the Dover Fire Department. The following points were noted during the on-site visit:

- Chief Fortney reported that he is very satisfied with having an "Administrative Assistant to the Chief" on staff and that the consistent supervision being provided to the dispatchers is working very well. He also reported that response times are reduced and the number of members responding to calls has increased.

- All vehicles are in service and there are no major equipment problems. Chief Fortney reported that the new Ladder #1 will be delivered on July 1, 2011. It was previously reported that this vehicle will be renamed "Truck #1;" however, Chief Fortney reported that it will remain "Ladder #1."

- All buildings are in good condition. The Central Services Department continues to provide general maintenance assistance. The Department has taken a number of measures internally to conserve energy. Security cameras have been installed at Station #2. It was reported to Council previously that the Department's dispatching computer server was down; however, that problem has been solved on a temporary basis, and a permanent solution is budgeted for next year. Dispatching equipment is the responsibility of the City.

- The Department has lined up Community Transportation Funds from area legislators for the replacement and expansion of the front apron at Station #2 to improve maneuverability and safety. This project should be completed this year.

By consent agenda, Mr. Leary moved for acceptance of the Semi-Annual Robbins Hose Company Inspection, as submitted by the City Manager, seconded by Mr. Salters and carried by a unanimous roll call vote.

2011 MUNICIPAL ELECTION RESULTS

Mrs. Traci McDowell, City Clerk, reported the results of the 2011 Municipal Election held on April 19, 2011, as follows:

AT-LARGE

FOURTH DISTRICT COUNCIL

David L. Anderson	**152**
Mark D. Harmon	38
Marion L. Lott, Sr.	46
Total Votes Cast	236
Total Registered Voters	3,813

Mr. McGiffin moved for approval of the Election Results, as reported by the City Clerk. The motion was seconded by Mr. Leary and unanimously carried.

Mr. Ruane relayed appreciation to the City Clerk's Office and members of the Election Board, as well as the other election workers, for conducting a well-planned, well-managed, and fair Municipal Election on April 19, 2011. He felt that the City's Municipal Elections are a model for the State. He thanked residents who voted in the Municipal Election, particularly in the Second District, noting that, once again, this District had the highest percentage of voter turnout. Mr. Ruane relayed a

special thank you to voters in the Second District who supported his re-election bid and those who have supported him during the past 10 years. He stated that it has been an honor to represent the Second District and a privilege to have a role in shaping the City's future.

EVALUATION OF BIDS - ROUTE 13 WATER MAIN REPLACEMENT

Mr. Anthony DePrima, City Manager, explained that Public Utilities Staff identified the need to upgrade the existing six-inch (6") water main located in the southbound lane of Route 13, between North State Street and King's Highway. He stated that the Project will involve replacing the existing main, which is undersized and experiences numerous main breaks, with a new twelve-inch (12") ductile iron water main. The new water main will provide City of Dover customers with improved water quality, increased system reliability, and improved fire protection.

Mr. DePrima advised members that staff issued a Request for Proposals and three (3) contractors submitted proposals. He noted that Daisy Construction Company, Inc. was deemed non-responsive, due to omitting a statement of qualifications in the proposal. The low bid was received from Eastern States Construction Services, Inc. in the amount of $2,325,967.60. He explained that a contribution in the amount of $307,835.82 is to be received from the State of Delaware for this project; therefore, the City's cost totals $2,018.131.78. Mr. DePrima noted that this project is to be funded primarily through the Drinking Water State Revolving Fund Program (DWSRF) which is administered by the Department of Health and Social Services (DHSS), Office of Drinking Water (ODW). Additional funds will be provided by allocating resources originally planned to be used for other FY 2010 and FY 2011 Water Quality Improvements and Miscellaneous Distribution System Upgrades. Members were provided a detailed spreadsheet for the Route 13 Water Main Replacement Financial Transfers.

Mr. DePrima assured members that staff has reviewed the Eastern States Construction Services, Inc. proposal package and found it free of math errors and/or discrepancies. He indicated that, upon review, it was deemed the most responsive submittal. In addition, staff reviewed the contractor's qualification information, which included a list of recently completed projects similar in scope to the Route 13 Water Main Replacement, as well as their financial statement, and found all information to be adequate.

Staff recommended approval of the low bid submitted by Eastern States Construction Services, Inc. in the amount of $2,325,967.60 for the construction of the Route 13 Water Main Replacement, with financial transfers as outlined in the spreadsheet provided. It was noted that this approval would be with the understanding that the State of Delaware agrees to contribute $307,835.82 to the project, thus obligating the City to an expenditure of $2,018,131.78.

Responding to Mrs. Williams, Mr. Jason Lyons, Civil Engineer, stated that the duration of the project is planned to be 180 calendar days, plus or minus 15 days. Work will begin after the first Race Weekend and will be performed between the hours of 10:00 p.m. to 7:00 a.m. He advised members that there is a stipulation in the contract that no work will be completed during the entire week preceding the fall Race Weekend and that the consulting engineer took this into account in determining the 180 calendar days.

In response to Mr. Salters, Mr. Lyons stated that the majority of the work will be performed in the right hand lane of southbound Rt. 13, noting that when the water main line was initially installed, this was probably not a traffic lane. He noted that the water main line is located in the center lane of traffic in some areas. He reiterated that the road will be open to traffic during daytime hours.

Mr. Bonar moved for approval of staff's recommendation to approve the low bid submitted by Eastern States Construction Services, Inc. in the amount of $2,325,967.60 for the construction of the Route 13 Water Main Replacement, with financial transfers as outlined in the spreadsheet provided, noting that this approval shall be with the understanding that the State of Delaware agrees to contribute $307,835.82 to the project, thus obligating an expenditure of $2,018,131.78 by the City. The motion was seconded by Mr. McGiffin and carried by a unanimous roll call vote.

REZONING REQUEST/FIRST READING OF PROPOSED ORDINANCE #2011-13 - 1151-1155 WALKER ROAD, OWNED BY WALKER ROAD, LLC

A request was received to rezone properties located at 1151-1155 Walker Road, owned by Walker Road, LLC (c/o Franklin Everett, Jr.). The property is located on the north side of Walker Road and west of McKee Road, consisting of $1.904^{+/-}$ acres. The property is currently zoned C-PO (Commercial/Professional Office Development District) and the requested zoning is IO (Institutional and Office). *(Tax Parcel: ED05-067.18-01-79.00-000; Fourth Council District; Planning Reference Z-11-04)*

Prior to amending the zoning ordinances and zoning map of the City of Dover, a public hearing is required. Staff recommended referral to the Planning Commission on May 16, 2011 and that a Public Hearing be set for June 13, 2011 at 7:30 p.m.

By motion of Mr. Salters, seconded by Mr. Bonar, Council unanimously referred the request to the Planning Commission on May 16, 2011 and that a public hearing be set before City Council for June 13, 2011 at 7:30 p.m.

In accordance with Section 1-9 of the Dover Code, Council acknowledged the First Reading of the Zoning Ordinance Amendment as read by the City Clerk, by title only, as follows:

AN ORDINANCE AMENDING THE ZONING ORDINANCE AND ZONING MAP OF THE CITY OF DOVER BY CHANGING THE ZONING DESIGNATION OF PROPERTY LOCATED AT 1151-1155 WALKER ROAD.

FINAL READING - PROPOSED ORDINANCE #2011-10

The First Reading of Proposed Ordinance #2011-10 was accomplished during the Council Meeting of April 11, 2011.

2011 Budget Revision - Transfer to General Employee Pension Fund

Mr. Salters moved that the Final Reading of Proposed Ordinance #2011-10 be acknowledged by title only, seconded by Mr. McGiffin and unanimously carried.

Mr. Leary moved to adopt the Proposed Ordinance, seconded by Mr. McGiffin. The motion for adoption of Proposed Ordinance #2011-10 (Exhibit #1) was carried by a unanimous roll call vote.

COUNCIL MEMBERS ANNOUNCEMENTS

Council President Hogan wished Mr. Leary a Happy Birthday (April 26, 2011). He also reminded everyone that the Old Dover Days Parade will be held on Saturday, May 7, 2011.

Mr. McGiffin reminded members to mark their calendars for June 25, 2011 for the next African American Festival.

Mr. Salters thanked everyone for "tolerating him" for the past 22 years. He conveyed appreciation for the support he has received from the citizens, City Clerk's Office, City Manager's Office, Finance Department, etc. He relayed an invitation for all to visit Schutte Park at 5:00 p.m. on Friday evenings for a Basketball "Shoot Out" held by the Inner City Cultural League.

There being no objections, Council President Hogan declared the meeting adjourned.

Meeting Adjourned at 8:07 P.M.

TRACI A. McDOWELL
CITY CLERK

All orders, ordinances, and resolutions adopted by City Council during their Regular Meeting of April 25, 2011, are hereby approved.

CARLETON E. CAREY, SR.
MAYOR
